Organisational structure and culture - pupils	Embracing
Support for staff	Embracing
Professional development and learning	Excelling
Support for pupils	Excelling
Working with parents and carers	Embracing
Working with external services	Excelling

Debenham High School has presented a profile of written statements with evidence that demonstrates they are Embracing across all eight competencies of the School Mental Health Award. The school has used the framework and content of the Award to develop their mental health and wellbeing strategies, structures, and practices.

The school mental health lead talks of the school's ethos and vision that are committed to the holistic development of all in the community, and the growth of the whole child. Visitors comment on the unique nature and culture at Debenham – 'you feel the warmth of the school'. Humanity and spiritual strength combine to create the special culture at Debenham. Every person matters at Debenham, caring, loving, valuing every individual, is paramount to their approach. The work to encourage and support positive wellbeing, and what that means, for every individual – pupils and adults, has been instrumental in ensuring the changes to PSHE are fully embedded and are making a positive impact day to day.

Mental health and wellbeing is one of 6 key priorities on the 2023-24 School Development Plan; it has been a priority over the last three years and is well embedded across the school. Year Group Development Plans actively seek to promote positive mental health and wellbeing as does the Five-Year Programme for Study for Personal development. As a school they have a Mental Health Policy and Action Plan – this is implemented; reviewed and adapted by staff, students, and representatives of the governing body. The Mental Health Team is led by the Senior Mental Health Lead (SMHL) – it has representatives from teaching and support staff; the chaplaincy team; the local church, School Nursing; Education Welfare Service; governing body. The Governing body has shown an active commitment to this area of the school.

Working towards the School Mental Health Award has helped Debenham High School to focus on providing very high-quality professional development for all staff, this area of the evidence is 'excelling'. The school has focused on a sustainable model, and supported feeder primaries with their developments in this area too.

The leaders at the school have focused on policy to ensure workload is addressed, and staff wellbeing is very well supported. Strong open relationships are the bedrock of the high level of staff retention at the school. Trust is valued by leaders.

Support for pupils is well established and was graded outstanding in their Ofsted inspection in 2023. The taught curriculum supports pupils well. Pupils and parents say they are welcomed and included, with highly

FOR MENTAL HEALTH IN SCHOOLS

effective staff. The support offer from the school continues to expand and deepen to meet the needs of all pupils, as need continues to rise.

The school has used the framework to allow them to pause and reflect on their provision, it has been a positive and valuable experience for leaders.

The school has a wide range of future plans, these include:

- Continued commitment to making Governors more aware through the Named Governors being trained specifically
- Continued CPD opportunities being given for staff
- Encouragement of parental two-way communication at the next Mental Health Policy redraft
- Encouragement and extension of student leadership around SEMH in school
- Continued sharing of our good practice across local and national network

The 5Es profile included in this report mainly reflects the work carried out within the school. There will be further opportunities for the school to outreach to other schools and organisations in the area in the future, as they continue to embed their practice, show further impact, and grow in confidence in sharing their work around mental health and wellbeing.

I have no hesitation in concurring with the self-assessment made by the school and recommend that Debenham High School is awarded the Carnegie Centre of Excellence for Mental Health in Schools, School Mental Health Award at Silver level.

All teaching and associate staff have been trained and have a broad understanding of mental health issues and promoting wellbeing in pupils appropriate to the age of the children in the school	5
ECTs and all new staff complete an induction programme which ensures they have the understanding and skills expected of all staff in the school with regards to mental health	4
All staff mental health CPD is underpinned by evidence and expertise, aligned to DfE CPD standards	5
Staff feel supported to take forward any new learning from training into their practice	4

Support for Pupils	
Mental health and wellbeing are embedded in the curriculum with supporting activities including assemblies, focus days, lessons and other events where mental health, wellbeing, social and emotional skills, attitudes, and values are explicitly taught by well trained and enthusiastic teachers using positive, experiential, and interactive methods and resources. This learning is integrated into the mainstream processes of school life	5
Pupil wellbeing is developed through implicit methods of teaching and learning such as: emotional literacy, character strengths, values, virtues, resilience, and self-awareness	5
Relationships within the school are positive providing a nurturing, safe and supportive environment which creates a sense of belonging for pupils	5
Pupils understand and can express a range of emotions and are able to share their emotions and ask for help to support their emotional awareness	5
Pupils feel able to disclose incidence of bullying and any form of discriminatory behaviours, they feel their worries and concerns are heard, respected, and taken seriously by staff	5
Staff respond wisely to 'challenging' behaviour, both responding actively with clear consequences and also understanding its deeper roots, taking opportunities to model and teach positive alternatives	5
Pupils know how to ask for support, and this is followed up by staff	5
There are clear internal referral procedures, understood by all staff, to ensure timely and appropriate support is sourced and accessed for pupils in need	5
Evidence based mental health support services are provided and accessed which draw on a sound understanding of child and adolescent development, such as: drop ins, mentoring, coaching, counselling, pastoral support, mindfulness, self-awareness, empathy, and resilience building interventions and wellbeing skills workshops group, peer support, mindfulness, self-awareness, empathy, and resilience building interventions and wellbeing skills workshops	5
Where pupils experience mental health difficulties, clear plans and pathways to specialist support exist, using a coherent teamwork approach, including in the involvement of outside agencies such as CAMHS, school nurse or GP. Help is rooted within the school environment	5
Displays and posters provide various information on evidence based mental health support and how to improve wellbeing such as self-help booklets, library books and other media resources	5
Effective early intervention support is provided and evaluated	5
Physical activity and relaxation activities are on offer that improve wellbeing	5
If peer mentoring is used, those who serve as peer mentors have training and a support structure which they can use if needed	5
Pupils are involved in the design of mental health and wellbeing initiatives and are encouraged to give feedback and provide new ideas	5
Achievements and successes of students are recognised and celebrated	5

Working with Parents and Carers	
The school ensures a non-judgemental, warm, and welcoming environment exists for parents/carers	5
Parents have access to school mental health and wellbeing policies	5
Effective relationships with parents/carers are fostered and maintained	5
The school is committed to continuously improving parental communication	5
Parents have access to staff or mental health professional/s if they have concerns about their child's mental health	5
Parents are encouraged to be actively involved in the life of the school	5
Parents are involved in interventions that supports their children's mental health and wellbeing	5
Any stigma shown by parents about mental health is handled sensitively yet firmly	5
The school provides learning, guidance, and support for parents to help them:	5
The school has effective strategies in working with all parents/carers	5
Systems are in place that ensures parents/carers are regularly updated on their child's progress as well as any concerns that may exist	5
Parents share their views on how to develop the wellbeing of the school	4
Support, signposting, and referrals are made for parents who require support with their own mental health or support in their relationships with their children	4

Working with External Stakeholders	
Staff understand the clear referral procedures to access timely external services appropriate to the needs of pupils with escalating or long-term mental health difficulties	5
The school has developed strong links with CAMHS and other agencies ensuring regular two-way communication, support, and guidance	5
School leaders are shaping local children's mental health policy and services	4
The school is up to date with new legislation and DfE guidance	5
The school is aware of local agencies and organisations which offer mental health support services	5
Specialist organisations work with the school to develop the mental health and wellbeing of staff, children, and parents	4
The school is aware of and builds relationships with local community projects, voluntary organisations, and networks	4
Due diligence is carried out prior to engaging any external agency / professional providing mental health services to pupils. This involves understanding the evidence base for their proposed work, their qualifications, recent training/CPD, obtaining references, knowledge of their professional body, their supervision structure (including the name and qualifications of their supervisor), who you should complain to regarding any concerns. In addition, the school will carry out their usual safeguarding checks	4
Comprehensive Service Level Agreements are in place which clarify roles and responsibilities and reduce risks. Amongst other things, this will make clear the services being provided, the tools and methods used, issues around confidentiality, how outcome data will be recorded and evaluated and how feedback will take place	4
The school ensures robust quality assurance for all external mental health and wellbeing provision taking place, which is reported and evaluated at senior and governor level	4
